

CONFLICT ARMAMENT RESEARCH

Systems and Analytics Division

Document Name:	Organisation & Methodology
Tender Name:	Data Visualisation and Analytics Solution (DVAS)
Project Title:	Provision of a secure data visualisation and analytics solution to support CAR's analysts leverage its data on the trafficking of conventional and unconventional weapons, ammunition and related materiel into conflict-affected areas.
Tender Code:	CAR_iTrace III_2018_002_DVAS
Tender Dossier:	http://www.conflictarm.com/vacancies/

ORGANISATION & METHODOLOGY

To be completed by the tenderer

Please provide the following information:

Rationale

- Any comments you have on the Terms of Reference for the successful execution of activities, in particular regarding the objectives and expected results, thus demonstrating the degree of understanding of the contract. Your opinion on the key issues related to the achievement of the contract objectives and expected results.
- An explanation of the risks and assumptions affecting the execution of the contract.

Strategy

- An outline of the approach proposed for contract implementation.
- A list of the proposed tasks you consider necessary to achieve the contract objectives.
- Inputs and outputs.

Backstopping

- A description of the support facilities (back-stopping) that the contractor will provide to during execution of the contract. The back-up function will be assessed in the evaluation and should be carefully explained in the organisation and methodology, including the list of staff, units, capacity of permanent staff, provision of expertise, organisational structure, etc. which are supposed to ensure that function, as well as the available quality

systems and knowledge capitalisation methods and tools, within the respective members of the consortium.

- A description of any subcontracting arrangements with a clear indication of the tasks that will be entrusted to subcontractors and a statement by the tenderer guaranteeing the eligibility of subcontractors.

Involvement of all members of the consortium

- If a tender is submitted by a consortium, a description of the input from each member of the consortium and the distribution and interaction of tasks and responsibilities between them. Furthermore, the involvement of all members of the consortium will be considered added value in the tender evaluation. If the tender is submitted by a single company, the total of available points for this part in the evaluation grid will be allocated.

Timetable of work

- The timing, sequence and duration of the proposed tasks, taking into account travel time.
- The identification and timing of major milestones in executing the contract, including an indication of how the achievement of these would be reflected in any reports, particularly those stipulated in the Terms of Reference.
- The methodologies contained in the offer should include a work plan indicating the envisaged resources to be mobilised.
